3 pm - 5 pm

California Public Utilities Commission
505 Van Ness Avenue, Auditorium
(Corner of Van Ness Avenue and McAllister Street)

BACKGROUND

Public Utilities Code Section 761.3 establishes a process for the adoption and implementation of maintenance and operations standards for many of the electric power plants that serve California. First, the California Electricity Generation Facilities Standards Committee (Committee) adopts and revises the standards. Then, the California Public Utilities Commission (Commission) implements and enforces the standards adopted by the Committee. Various generating facilities including many nuclear, publicly owned, and qualifying facilities have been exempted from maintenance and operations standards. (See Public Utilities Code Section 761.3(d), (h) for further details.)

For more information on the Commission's proceeding to implement these standards, please see the California Public Utilities Website: http://www.cpuc.ca.gov/proceedings/R0211039_doc.htm.

APRIL 7TH MEETING

At its meeting on April 7th, the Committee will consider a final draft of (and possibly adopt) Logbook Standards for Hydroelectric Generating Facilities, and hear a progress report on the development of Operations Standards. (A complete and more detailed agenda appears on the third page of this notice.)

The policy of the Committee and the Commission is to schedule hearings, meetings, workshops and similar events in locations accessible to people with disabilities. To verify that a particular location is accessible, please call: Calendar Clerk (415) 703-1203. If specialized accommodations for the disabled are needed (e.g., sign language interpreter), those requesting the accommodations must call the Commission's Public Advisor at (415) 703-2074, TTY 1-866-836-7825 or (415) 703-5282 at least three working days in advance of the event.

However, if you wish to be placed on the joint service list for the work of both the Committee and Commission, please notify: the Process Office, Public Utilities Commission, 505 Van Ness Avenue, Room 2000, San Francisco, CA 94102 (Process_office@cpuc.ca.gov).

Be sure to say that you want to be added to the service list for proceeding R02-11-039. Please provide both your e-mail and physical address. The Committee is sending this notice to parties already on the joint service list as well as to the mailing list mentioned above. If you are already on the joint service list, you do not have to contact the Process Office in order to stay on that list.

If you wish to participate in Committee activities you may attend a Committee meeting or respond to notices requesting comments that are sent out to the service list. Cal-Am representatives discussed Cal-Am's showing of savings attributable to purchase of the stock of Cal-Am's parent company by RWE Aktiengesellschaft (RWE) in January 2003, in particular how such savings are distinguished from the savings attributable to Cal-Am's purchase of the assets of Citizens Utilities of California (Citizens) and the timing issues related to making a showing of savings attributable to RWE transaction in this proceeding. Cal-Am representatives also described how the RWE-related savings are tracked in a separate memorandum account. Additionally, Cal-Am representatives discussed the effect of the proposed rate increase on the ratepayers in Felton District and the method by which the RWE-related savings would be passed through to those ratepayers. Finally, Cal-Am representatives noted that the delay in the decision has resulted in an estimated loss of revenue of \$450,000-500,000 a month. Cal-Am urged the Commission to set an effective date of September 1, 2003 for Cal-Am's 2003 rates.

Summary: On March 30, 2004, Hallie Yacknin, Assistant General Counsel of the Office of Ratepayer Advocates (ORA), met with Karl Bemdeserfer, advisor to Cmmr. Kennedy, and Jonathan Lakritz, advisor to Cmmr. Wood, in two separate meetings in San Francisco. Yacknin stated that the draft decision of Cmmrs. Peevey and Kennedy legally errs in endorsing the City of Folsom's argument that Public Utilities Code Section 8951 exempts the water rights lease from being void for failure of Southern California Water Company (SCWC) to obtain Commission approval. Yacknin explained that such a legal finding violates the plain language of the statute, and entirely vitiates the statute's determination that all transactions involving useful utility property are void if not authorized by the Commission. Yacknin stated that the Commission can consider a range of going-forward options for the water rights in question, and can consider the impact of the various options on Folsom in selecting among them; however, such determination must be made on an evidentiary record upon application by SCWC.

Summary: On March 30, 2004, Hallie Yacknin, Assistant General Counsel of the Office of Ratepayer Advocates (ORA), met with Belinda Gatti, advisor to Cmmr. Brown, in two separate meetings in San Francisco. Yacknin stated that the draft decision of Cmmrs. Peevey and Kennedy legally errs in endorsing the City of Folsom's argument that Public Utilities Code Section 8951 exempts the water rights lease from being void for failure of Southern California Water Company (SCWC) to obtain Commission approval. Yacknin explained that such a legal finding violates the plain language of the statute, and entirely vitiates the statute's determination that all transactions involving useful utility property are void if not authorized by the Commission. Yacknin stated that the Commission's determination in D04-03-039 that Folsom's past rights were to be unaffected is a reasonable and practical determination, but that it is not mandated by the presumptive conclusion provision of Section 851. Yacknin noted that the Commission can consider a range of going-forward options for the water rights in question, and can consider the impact of the various options on Folsom in selecting among them; however, such determination must be made on an evidentiary record upon application by SCWC. At the second meeting with Belinda Gatti, Yacknin stated that, in any event, the Draft Decision would be in violation of Public Utilities Code Section 1708; and that further hearings and process were due to resolve future treatment of the water rights.

Summary: On March 30, 2004, Hallie Yacknin, Assistant General Counsel of the Office of Ratepayer Advocates (ORA), met with Tom Long, advisor to Cmmr. Lynch, in San Francisco. Yacknin stated that the draft decision of Cmmrs. Peevey and Kennedy legally errs in endorsing the City of Folsom's argument that Public Utilities Code Section 8951 exempts the water rights lease from being void for failure of Southern California Water Company (SCWC) to obtain Commission approval. Yacknin explained that such a legal finding violates the plain language of the statute, and entirely vitiates the statute's determination that all transactions involving useful utility property are void if not authorized by the Commission. Yacknin stated that the presumptive conclusion provision in Section 851 applies as to the purchaser against the utility, and not as to any party as to the Commission or its statutory obligation to pre-approve dispositions of useful utility property. Yacknin noted that the Commission determination in D04-03-039 that Folsom's past rights were to be unaffected is a reasonable and practical determination, but that it is not mandated by the presumptive conclusion provision of Section 851.
